of Red Cross and Red Crescent Societies

www.ifrc.org Saving lives, changing minds.

Nuclear Emergency Preparedness

- Addressing humanitarian consequences of technological hazards
- Duty of care for RCRC staff and volunteers
- Increase knowledge and enhance readiness and resilience
- Ensure the integrity of the organisation and continuation of activities following out of scope events
- Enhance humanitarian response following extreme events
- Raise awareness in communities of potential humanitarian consequences from Nuclear technology
- Peruse greater international cooperation for nuclear emergency planning, preparedness and response
- Advocate for humanitarian purposes in International radiation protection networks

Contacts: nuclear.emergency@ifrc.org
